My dear Mr. Chakravarti,

I am much obliged for your letter of the 29th August, and have much pleasure in enclosing you copies of the correspondence on the subject of the Surplus Revenues that has so far taken place, in continuation of the previous correspondence, already sent to you. I wonder what you think of the latest development of the case.

The Moplah outbreak is no doubt a serious one but I feel it will all quiet down before long. There is, however, sure to be an appalling number of casualities among the Moplahs. The impending prosecution of the Ali Brothers, Dr. Kitchlew, Sri Sankaracharya (you must have met this gentleman at Bangalore), and some others, will cause further trouble all over India. The Government are doubtless fully prepared for all emergencies.

We have got agitations of our own in the State due to mostly Brahmin - Non-brahmin disputes. The times are no doubt quite out of joint !

With kindest regards,

Yours very sincerely,
